Blank CAMAC mechanics / cassette

**New designed CAMAC mechanics cassette, extremely rigid and solid construction. Optimized design for maximum inside space.**

All parts, i.e. bottom, top, front and side panels are secured by screws. Various possibilities for single or multiple electrical boards mounting by use of special mounting blocks with variable positions.

## Main Features

- 1, 2 or 3 slot wide CAMAC mechanics sets
- High efficient shielding due to low resistive screw connections
- High insulated inner side of mechanic by hard anodizing
- Thermodynamically optimized design of top and bottom panels with large air entries
- 1, 2 or 3 slot wide CAMAC mechanics sets
- Set includes Aluminum front panel (blank), mounting blocks / holders for PCB, screw set and CAMAC front locking screw
- Rear panel cut out for standard CAMAC edge card connector
- High efficient shielding due to low resistive screw connections

- High insulated inner side of mechanic by hard anodizing
- Thermodynamically optimized design of top and bottom panels with large air entries of 1410mm<sup>2</sup> (1/25 size) - 2740mm<sup>2</sup> (2/25 size)
- Dimensions: 193.8mm x 17mm / 34mm / 51mm x 293mm

### Part Numbers / Ordering options

Item	part number	Description
<b>CAMAC 1/25</b>	141 00 00	Blank CAMAC cassette 1/25 slot wide with front panel
<b>CAMAC 2/25</b>	141 00 11	Blank CAMAC cassette 2/25 slot wide with front panel
<b>CAMAC 3/25</b>	142 73 25	Blank CAMAC cassette 3/25 slot wide with front panel
